P&C is evolving rapidly. Most important trend is your customers' expectations are rising fast.

“Help me understand what coverage I should have”

“Make it as easy and convenient as Amazon”

“I need access to information so I can serve my customers”

“I'd like to get a quote in seconds”

“I want self-service *and* be able to talk to a person”

“I'd like a service that's tailored for me”
